JEN'S CREATIVE HOBBY

Web Site: www.jenscreativehobby.com

Have your favorite photos preserved into a photo book that you will be able to cherish forever. Photo books are better than your original photo albums. With photo books your favorite photos will be digitally printed on customized sized sheets of your choice. Therefore, you will be able to treasure your photos for a longer time than standard photo albums.

Photo book designer, Jennifer McGlasson, has a passion for graphic design. She had found her cliché in the year of 2000. From her experience, she will make your photo book have a beautiful out take that you would not get from your original photo album. She will dedicate herself to make your photo book look professional.

Digital Photos for Photo Book

Upon appointment, you will need to meet with the photo designer. Please bring either your digital photo memory card (SD / MS/PRO / MMC / XD) or CD with your photos saved on the disk. Photo designer will save your favorite photos on her lap top. Then there will be a discussion on the order of your photos and style of your photo book.

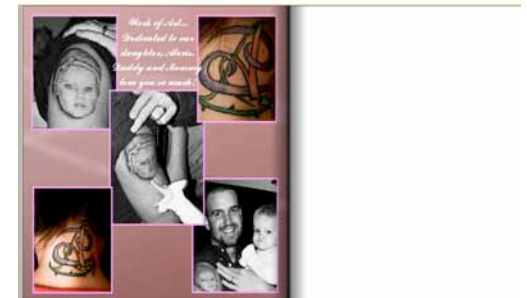

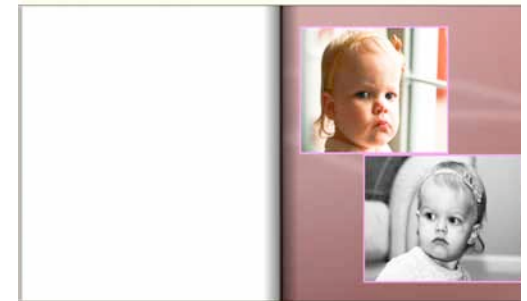

Professional Photography for Photo Book

If you are interested in professional photography of expecting mothers, babies, children, teens, and family and would like to have your favorite professional photos designed on your photo book. Please contact professional photographer, Annette Sundberg, at 314/610.9263 or www.sundbergphotography.com. Annette Sundberg has taken on the photography from her grandfather. She is not your traditional photographer, Annette goes further. She makes your pictures more modern and absolutely beautiful. You will be amazed with her work.
